

## Division of the nominal share value for the Delta Plus Group SA

### Changing the financial communication calendar

The Delta Plus Group, a major player in the market for personal protective equipment (PPE), announces that in order to improve liquidity and encourage the diversification of its shareholding, the General Shareholders Meeting of June 19, 2015 has decided to divide the Delta Plus Group's nominal share value by two.

The division of the nominal will be effective no later than September 18, 2015.

For any old share with a nominal value of 2 Euro owned on that date, shareholders will receive two new shares of 1 Euro in nominal value in exchange.

The division of the Delta Plus Group nominal share value translates to a doubling of the number of shares comprising the share capital, which will increase from 1,839,677 shares to 3,679,354 shares.

This shall be done at no cost or formality for Delta Plus Group shareholders.

The new shares issued shall have continued on issue with the same rights as the old shares.

A statement in early September will specify the practical modalities and dates of this transaction.

In addition, the Delta Plus Group announces a change in its financial communication calendar.

Due to the integration, for the first time, in the consolidation scope of the company Elvex, following the external growth transaction completed in the second quarter 2015, the Group decided to postpone the closing date for its half-year accounts to the end of September.

Therefore, the Delta Plus Group will release its half-year results press release on **Tuesday, September 29, 2015 after trading.**
